Hello,

My name is Keshi. I am not part of a translating group. I decided to translate manga for fun. (ω•⊟•)ﾉ✧

Totally not because I have no friends

ps.

I do not have much experience translating between two languages so I apologize in advanced for mistakes here and there.

┐(￣Д￣)┌

This is my first time translating manga from Japanese to English, please go easy on me!

Hope you enjoy reading,

dont forget to support the author by purchasing the manga when it is available in your country. ヾ(☆▽☆)
